

Top Ten Reasons to Outsource Your HR with The Hopkins Group

1. **Expertise:** We know HR. You know your business. Outsourcing your human resources allows you to focus on what you know best, while leaving the HR compliance to us.
2. **ROI:** Get VP level experience at a fraction of the price.
3. **Coverage:** Do you really have 40+ hours per week of human resources needs? Probably not, so why pay for it? Instead, get whatever you specifically need for your business.
4. **Consistency:** The Hopkins Group doesn't go on vacation, so your company gets full-time professional HR service.
5. **We're not a PEO:** You retain control of your employees. According to recent court decisions, a PEO cannot assume liability for your employees.
6. **Choice:** You select who will provide your payroll services. We work with your choice of provider.
7. **Selection:** You select the benefit plans and broker that meets the needs of your employees.
8. **Independent:** We are not beholden to any specific payroll, benefits, or other HR-related vendor.
9. **Customized:** We provide the depth of services that are best for your business and easily grow with you.
10. **Partner:** We become a partner in your business – we become a recognized part of the team with a vested interest in your success.
